## Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

## Listing of Claims:

- 1-4. (Cancelled)
- 5. (Original)A method of distributing information on a card, said method comprising the steps of:

dividing a surface of the card into a plurality of predetermined areas;

printing a first data portion onto a first predetermined area;

utilising said printed first data portion when reading information stored on said card;

and when the information stored on the card is to be updated, identifying a second predetermined area to print further information on said card, said second predetermined area not having been previously utilised to print data.

- 6. (Original)A method as claimed in claim 5, wherein said predetermined areas are selected in a predetermined order.
- (Original)A method as claimed in claim 5, wherein said printing utilises a high resolution ink dot printer.
- 8. (Original)A method as claimed in claim 5, wherein said data portion is printed in an encoded form having a degree of fault tolerance.
- (Original)A method as claimed in claim 5, wherein said data portion is printed in a Reed-Solomon encoded form.
- 10. (Original)A method as claimed in claim 5, wherein said data portion is replicated in a chosen predetermined area.
- 11. (Original)A method as claimed in claim 10, wherein each of said predetermined areas includes a number of border target markers indicating the location of said region.

Appin No. 10/676,026 Amdt, Dated August 26, 2004 Response to Office action of July 28, 2004

3

- 12. (Original)A method as claimed in claim 11, wherein said border markers are utilised when reading information stored on the card to locate said predetermined areas.
- 13. (Original)A method as claimed in claim 11, wherein said border targets comprise a relatively large area of a first colour and a relatively small area of a second colour located centrally of said relatively large area.
- 14. (Original)A method as claimed in claim 15, wherein said card is of a generally rectangular credit card sized shape.

15-16. (Cancelled)
